

WE NEEDED DOC. *Now Doc needs us.*

Your **KICKSTARTER** *donation is critical*
TO GET B-29 "DOC" THROUGH FLIGHT TESTING.

We needed WWII B-29 bombers like Doc, built in Wichita, to end the war that had already taken 60 million lives. We needed those who built them and we needed those who flew them into the firestorm to preserve our freedom.

To live as a testament to their sacrifice, Doc has been restored right here in its birthplace with more than 300,000 volunteered hours and millions in donated money and resources. Now Doc needs us to help history fly again.

- Tireless dedication has brought the last flyable
- B-29 to full engine start. One more step, and
- this precious artifact can fly to every corner of
- our nation, keeping the memory of the Greatest
- Generation alive for the generations to come.

DEADLINE: OCTOBER 30 TO MAKE THE B-29 DOC KICKSTART A SUCCESS

Simply visit Doc's Friends at **B-29DOC.COM** and click on the Kickstarter logo.

KICKSTARTER.com is the secure website being used by Doc's Friends where worthy projects get off the ground with crowdfunding.
